

Dear Friends and Family:

I'd like to share with you that I have completed the Service Project for my Eagle Scout. It was a long process, but it is finally finished.

We had five work days and were able to get the shed completed just before it snowed! The Animal Shelter Director, Meg, really likes the shed and feels they will get a lot of use from it.

We were able to also donate some extra building materials that we had left over for the Shelter to use later.

I appreciate everyone who either donated money towards the project or their time working on the shed. The Scouts from my Troop and the adults who helped made everything possible.

I didn't realize how much work and effort something like building a shed would take. Please know that I will always remember how you helped make this a success. Your contribution has made a long-term difference for the Animal Shelter!

I have a few badges to complete and then I will sit for my Board of Review to earn the actual Eagle Scout award. I hope to have that finished by the Spring of 2015.

Thanks again for being an important part of me reaching my Eagle Scout.

Sincerely,

Josh Browne
